Skills

Java, Python, C, HTML, CSS, JavaScript, PHP, TailwindCSS, BootStrap, ReactJs, jQuery, Redux, SASS, GIT

Experience

ComicKaze: **(WordPress)**   April 2024 - June 2024

- ComicKaze is an ecommerce website built on wordpress. It specializes in selling anime merchandise. This platform offers a variety of products related to anime culture, catering to anime enthusiasts and collectors.

Projects

Personal Portfolio Website: (JavaScript)   March 2024 - July 2024

- As a Front-End Web Developer, I have designed and developed a personal portfolio website to showcase my skills, projects, and achievements.

QR-Generator: (HTML, CSS, JavaScript)   May 2024 - June 2024

- Created a sleek and user-friendly QR Generator website to demonstrate my UI design skills. This platform enables users to encode text into QR codes effortlessly.

Pexelicons: (HTML, CSS, JavaScript)   June 2024 - July 2024

- Pexelicons is a website that offers custom folder icons for Windows, allowing users to personalize their PC by changing the default folder icons to match their style preferences.

Netflix Clone: (React.js)   June 2024 - July 2024

- Made a netflixClone using Reactjs. It's a webpage to categorize the shows to redirect users to watch the show.
